UNIVERSITY OF TORONTO SCARBOROUGH 2022 - 2023 FALL-WINTER SESSION- REFUND SCHEDULES

1. There are different refund schedules for different types of fees:
 - **Academic & Incidental fees** - Check the refund schedules for your division and posted on the Student Accounts website.
 - **Ancillary fees** for specific courses or programs, which were assessed as part of your tuition, are refunded only during the 100% refund period for the course or program.
 - **U of T Scarborough fees** - for the Co-op Program, Teaching Placement and Centennial College Programs are refunded according to the Incidental fees refund schedule.
 - **UHIP fee adjustments** and reversals are made by student request to the UHIP Office. Instructions can be viewed at <http://www.studentlife.utoronto.ca/cie/uhip>.
 - **The Student System Access fee** is non-refundable.
 - **Residence & Meal Plan fees** - Refunds are determined by the residence or meal plan office. Consult your residence or meal plan office.

2. You will be assessed for all program charges whether or not you attend classes. Any reduction of charges is dependent upon the date the registration or course cancellation is recorded on ACORN. **An exception to the refund schedule will be considered only when there is evidence of an error on the part of the University.**

3. The last date to cancel a course or cancel your registration in a semester with no academic penalty may not always coincide with the last date to be eligible for a refund. Check the sessional dates in your Calendar or registration documents for final cancellation dates; check the refund schedules for refund dates.

4. If you cancel your registration (or it is cancelled) on or after the first day of classes for your division, there is a minimum charge in effect. Check the refund schedule.

5. Some programs have higher fees. If you are considering changing your program, you should be aware of any financial impact resulting from this decision. Please review the section '[Understanding Your Fees](#)'. Make sure you fully understand the impact on your finances before making the final decision. We recommend you speak with a financial aid advisor to plan for any additional charges.

6. Refunds are calculated by comparing total payments (& credits) and total charges on your account. Cancellation of a registration (or cancellation of a course) may reduce charges. Any credit transactions generated by a reduction in charges will first be used to pay off any outstanding charges on your account. If all items are paid and you have a credit balance on your account, (i.e. total payments are greater than total charges), and no additional fees will be charged for the session, then the student MAY be eligible for a refund.

7. Refund payments are issued to the student. Refunds are not issued to parents, even if the parents have paid the fees.

8. If the fees are billed to a sponsoring third party organization or agency, any refunds are issued to the sponsor or agency.

9. No interest will accrue on payments that are eventually refunded, either in part or in full.

10. Accounts with an outstanding balance are subject to a monthly service charge of 1.5% compounded (19.56% per annum) and this charge is added to ACORN on the 15th of every month until the account is paid in full.
